DETAILED ACTION

1. This office action is in response to the amendment filed on May 08, 2007.

Claims 1, 17, and 24 have been amended. Claims 25-54, 66-67, and 79-80 have been canceled. Therefore, claims 1-24, 55-65, and 68-78 are presented for further examination.

Allowable Subject Matter

2. Claims 1-24, 55-65, and 68-78 are allowed.

3. The following is an examiner's statement of reasons for allowance: The cited prior arts fail to disclose or suggest a server computer including the server computer coupled to at least one file system organized into a plurality of asset groups, each asset group having at least one media asset, all media assets within an asset group sharing a quota of system resources including storage medium bandwidth resources and storage medium space resources on the server computer that is reserved for the asset group on a per-asset-group basis rather than on a per-asset basics, the asset group and the at least one media asset in the asset group being placed within the at least one file system according to an asset group placement policy for placing the asset group which determines the resource quota for the asset group and to a media asset placement policy for placing the media asset within the placed asset group which in combination guaranteeing a specified number of simultaneous playouts for each media asset within

the asset group, wherein the file system further characterized in that the asset group is created by: specifying a maximum simultaneous playouts for asset group attribute, a maximum bit rate of the assets installed in asset group attribute, a guaranteed possible playouts attribute, and a resource quota attribute, calculating the storage bandwidth component of the resource quota by multiplying together a maximum simultaneous playouts attribute, a maximum bit rate attribute, and a default guaranteed possible playouts attribute (DGPP), defining a data structure that includes a list of pointers that contain values indicating the storage locations of the media assets stored in the asset group, as well as either pointers to values of the attributes or the attribute values themselves rather than pointers or a combination of the pointers and actual values, and in conjunction with all other limitations of the claim.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
